Material Profile

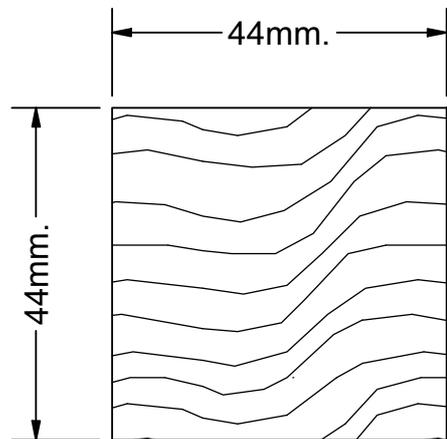

Recommended Material

Dimensions can change when the thickness of the material changes. Adapt to need.

Rectangular Profile
50x20 / 50x18 / 50x15

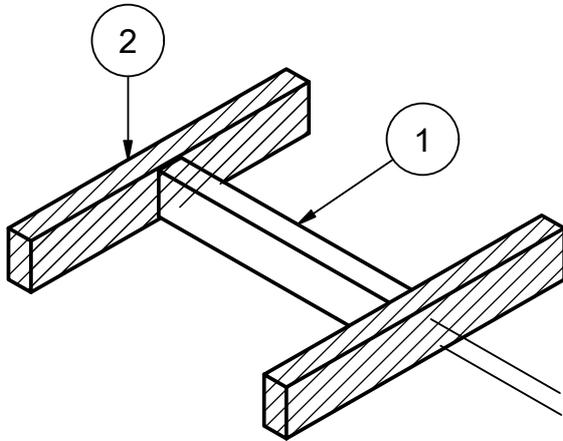

Square Profile
44x44 / 40x40 mm.

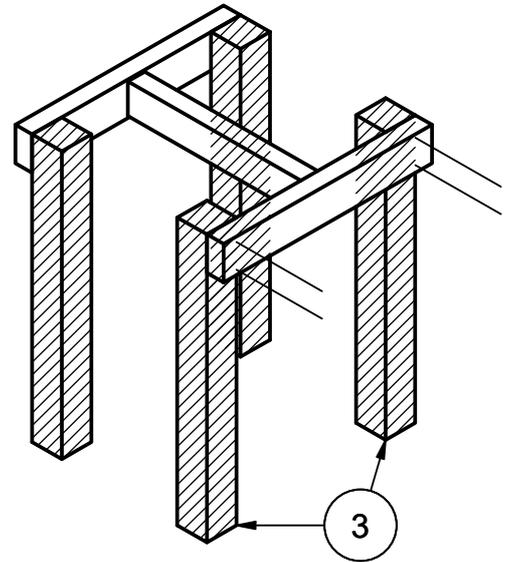

Assembly

Thin lines indicate screw/nail Placement.
Hatch indicates which piece is being added.

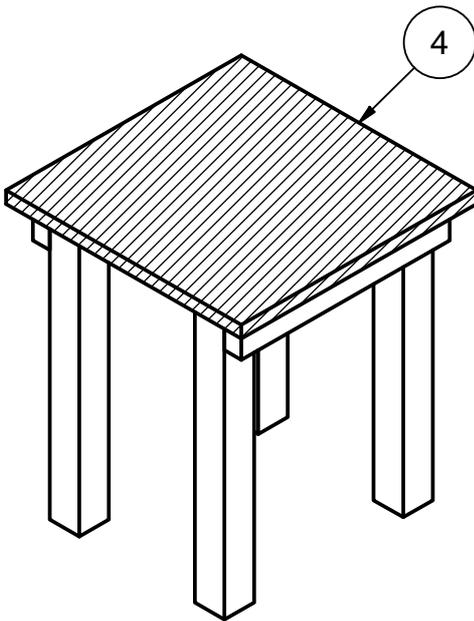

1.

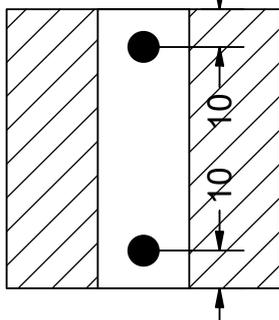

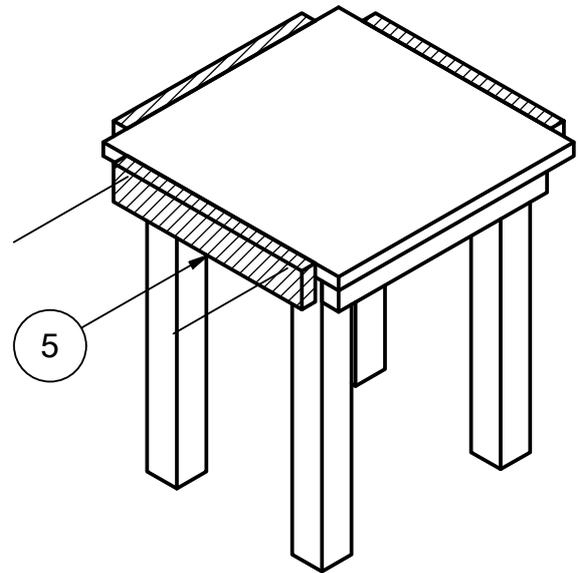

2.

3.

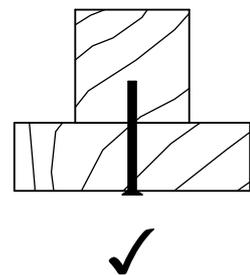

4.

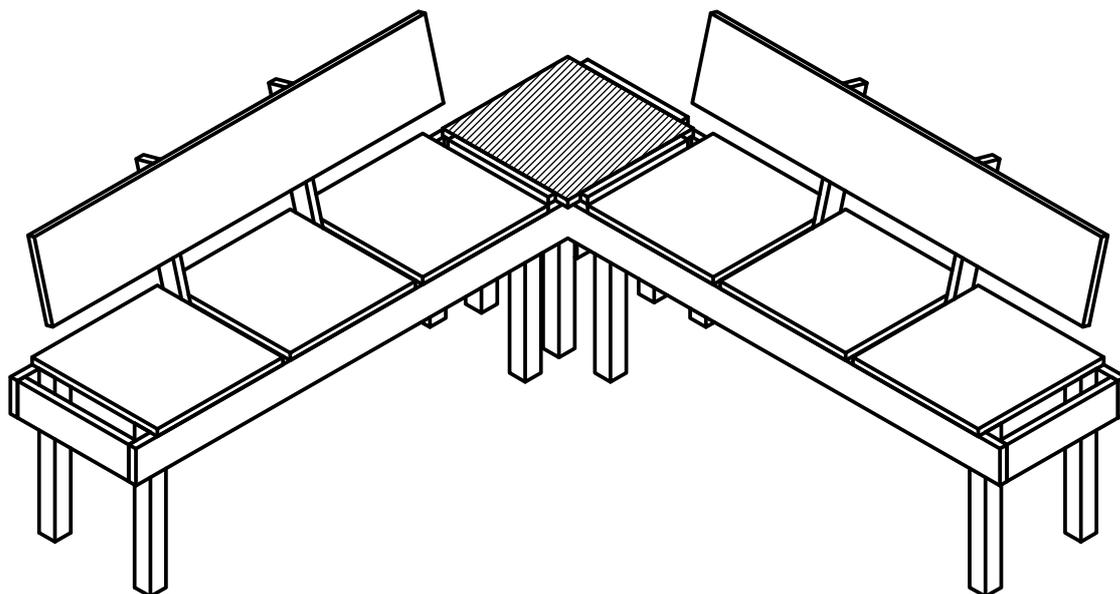

Proper Nail / Screw placement

- Minimum 2 nails per joint
- At least 10 mm. from the edge
- Check the direction of the nail and avoid colliding with other nails.
- Attach Nail, from the thinnest part to the thickest (right)

Recommended Use

When paired with Noah Bench the stool allows the benches to extend their capacity or bend, to allow for a better adaptability to the space.
